

# SAVE THE DATE

**WORLD  
HEALTHCARE  
FORUM**

**22 November 2015- 24 November 2015**

World Forum, The Hague  
NETHERLANDS

## Bringing global healthcare to a higher level

The WHF is a three-day forum aimed at bringing healthcare to a higher level. It offers a platform for the following stakeholders:

Professionals from insurance-, life science and pharma companies.

Representatives of healthcare institutions, governments, supranational organizations, NGO 's & academia

Students and self employed young professionals under 30 years

### The program consists of:

- Brief **visionary presentations** on different topics given by opinion leaders from all over the world.
- **Panel discussions** with experts.
- **Breakout discussion sessions** in small groups.

### Some of the topics are:

- **Access** to healthcare
- **Access** to affordable medicine
- **Innovation** in healthcare
- **Quality** of healthcare
- **Sustainability** of healthcare
- **Resource** management
- **Value-based** healthcare
