JOIN STARTUP FEST EUROPE 2016

Startup Fest Europe is an international matchmaking marathon taking place over the course of five days in the Netherlands. It is an official event of the EU Presidency aimed at boosting the European startup ecosystem.

From May 24 – 28, there will be over 30 exciting and inspiring startup events in various cities in the Netherlands revolving around specific themes such as high-tech, water, energy, agriculture & food, construction, health and many more. Besides offering a platform for startups through pitches, challenges and hackthons, we welcome inspiring founders & experts such as Tim Cook (CEO of Apple), Travis Kalanick (Co-founder of Uber), Chris Anderson (The Long Tail) and Dirk Ahlborn (CEO of Hyperloop). By bringing together startups, investors, developers and corporates with similar interests during these events, we will create thousands of matchmaking opportunities.

Follow the links below to register for an event of your choice. If you are an internationally oriented VC and would like to participate, please contact investortour@startupfesteurope.com.

Where to go?

DID YOU KNOW?
The travel time between most events is just 90 minutes!

How can I participate?

You can register directly with each event listed. Every organiser has their own registration policy. Some events are free, others have a fee.

Can I attend the Opening Event?

You can purchase your ticket for the Opening Event with speakers such as Tim Cook (CEO of Apple) and Travis Kalanick (co-founder of Uber) [here](#). There are a number of discounted tickets available for startups at €650. For a discounted ticket, please contact louise@startupfesteurope.com. To qualify for a discount, you must be a startup. With your ticket, you will have access to the Startup Garden during the break. Here you will have the opportunity to network investors, startups and developers.

What Is The MatchMaking App and How Can I Get Involved?

The MatchMaking App is a tool to connect startups to investors, corporates, developers and talented individuals. Think of it as tinder for startups. Sign up [here](#) if you are interested, and your company will become a part of our large and international network. This will enable you to make use of the networking opportunities of Startup Fest Europe even without attending Startup Fest Europe.

Startup Fest Europe is all about connecting startups to investors and corporates & having fun

See you there!
