The premier event for innovations in healthcare and life sciences

Innovation for Health is the premier event in the Netherlands dedicated to healthcare innovations. It features thought-provoking speakers, displays high impact innovations, highlights best practices and demonstrates inspiring developments in healthcare. Not only does Innovation for Health provide a unique opportunity to meet and engage leading scientists, entrepreneurs and executives, it is also the place to catch up on the latest trends, to present cutting-edge innovations, to share ideas and to initiate partnerships in life sciences & health.

Reasons to attend Innovation for Health:

- + Meet decision makers and opinion leaders from life sciences, medtech, care, creative industry and e-health.
- + Learn from innovation best practices.
- + Get new ideas and identify new opportunities for collaboration.
- + Catch up on new trends and get inspired by these developments.
- + Expand your network and maintain your relations.
- + Share your knowledge and experiences.

Innovating together for better and affordable healthcare

The complexity of current healthcare issues requires the engagement of all types of stakeholders. Innovation for Health brings together representatives from industry, academia, government, finance, health insurance organisations, patient organisations and health care financiers, to encourage a constructive dialogue between all parties and to stimulate partnerships. The focus is thereby cross-disciplinary and transregional.

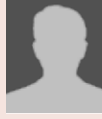

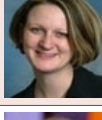

Including:

- + Technology Transfer Partnering Opportunities
- + Presentation of Life Sciences & Health Outlook 2015 by The Decision Group and STZ
- + Session on 3D-printing by Bird & Bird
- + Session on success factors in Venture Creation and Growth

Awards:

- + Upcoming Scientist Award – sponsored by Genmab
- + AXON 'Innovation for Health' Award – sponsored by AXON Lawyers
- + 'Innovation for Health' Design Award – sponsored by De Waag, Het Instituut, TACG and LUMC
